

# Clint Earl Ebanan

Experienced Software Developer specializing in developing and maintaining web and mobile applications. Proficient in React and React Native, with knowledge of RESTful APIs, NodeJS, ExpressJS, MongoDB, Redux, TypeScript, and modern web and mobile development techniques.

## Relevant Experience

Mobile Developer, Contract • **MoodLearning, Inc** Aug 2023 - Oct 2023  
Quezon City, Philippines

- Developed, styled, and deployed high-quality mobile apps and cross-platform digital experiences for clients, leveraging a diverse technology stack including JavaScript, TypeScript, React, REST APIs, Expo, and other cutting-edge tools and frameworks.
- Enforced rigorous coding best practices, including meticulous version control and thorough code review processes, ensuring software quality and long-term maintainability.
- Collaborated closely with the Quality Assurance team, swiftly addressing software glitches to uphold our commitment to delivering high-caliber software products.
- Contributed significantly to the design and architectural framework of the mobile application, enhancing its professional quality and performance.

Software Developer, Intern • **MoodLearning, Inc** Jul 2023 - Aug 2023  
Quezon City, Philippines

- Translated Figma designs into functional and pixel-perfect mobile app interfaces, ensuring seamless user experience.
- Worked closely with UI/UX designers and product managers to implement design changes and enhancements.
- Demonstrated adaptability by learning new technologies and tools, including React Native libraries and Figma plugins.
- Assisted in identifying and resolving bugs, enhancing the overall performance and reliability of mobile applications.

## Education

**Mariano Marcos State University** Aug 2020 - Jul 2024  
Bachelor of Science in Computer Science  
City of Batac, Ilocos Norte, Philippines

## Projects

**SmartSpend App** — Jan 2023  
A family expense tracker app with real-time updates and intuitive financial management.  
Tech used: React Native | Expo | Firebase | Figma

**Lanies Website** — Jan 2022  
Online platform facilitating food orders and delivery services tailored for small businesses.  
Tech used: PHP | SQL | HTML | CSS | JavaScript

**Sorting Visualizer** — Jan 2021  
Educational web application illustrating various sorting algorithms for developers.  
Tech used: HTML | CSS | JavaScript

## Skills

**Programming Languages**  
JavaScript, TypeScript, PHP, Python, C#, Java

**Frontend**  
React, React Native, NextJS, HTML5, CSS3, Tailwind

**Backend**  
NodeJS, Express, MongoDB, Firebase, MySQL, PostgreSQL

**Tools**  
Git, Github, VSCode, Figma, MS Office, Google Workspace

**Soft Skills**  
Problem-solving, Communication Skills, Teamwork Skills, Attention to Details

## Certificates

**Software Engineering**  
Department of Information and Communications Technology (DICT)  
Mar 2024

**Cloud Computing**  
Department of Information and Communications Technology (DICT)  
Mar 2024

**Software Engineer**  
Hackerrank  
Nov 2023

**Python For Data Science**  
Solo Learn  
Sep 2021
